Art Unit: 2632

1. The reply filed on 10/29/03 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

In applicant's remarks on pages 12-13 of the response, it was indicated that a redlined version of the original specification, plus a substitute specification, were "filed herewith". However, no such documents were found attached to the response; rather, applicant submitted roughly thirty replacement paragraphs to effect the changes. In the last Office action, paragraph 5, the Office required a substitute specification per 37 CFR 1.125(a). Therefore, a substitute specification in compliance with 37 CFR 1.125(b)-(c), having the intended changes, must be filed in response to this letter.

Also, note that the following changes present in the response were not in proper format for entry: (i) the title; (ii) the heading at page 3, after paragraph 1; and (iii) the inserted paragraph at page 3, after paragraph 3. (Regarding (i) the title and (ii) the heading, it is not necessary to present the original version with a line through it, before presenting the amended version; regarding (iii) the inserted paragraph, this type of insertion should not be underlined.) In addition, the response fails to include a "Brief Description" of the drawing (Fig. 1) which was added as part of the response.

- 2. <u>See</u> 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE** (1) **MONTH or THIRTY** (30) **DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
